A smile can open a heart faster than a key can open a door.  
smile are free so don't save them. brightend world with your smiles.

people live, people die

people laugh, people cry

some give up, some will try

some say hi. some say bye

others may forget you

but how can I

Hi Disha I have read about Sriprada in your country.

It is a hill place.

Yea Sriprada is a beautiful hill place surrounded by greenaries. different kinds of trees are found here. many people come here to visit it.

Interesting. whenever I come, I will visit it with you.

Thanks Hari I always wait for you. I always remember you.  
India and lanka meet when I talk with you.

Hi Hari

Save a space for me  
In your heart and not in your mind  
the mind easily forgets  
but the heart always remembers.  
like now I remember you always.

Stones are many but diamonds are rare  
tears are many but smiles are rare  
heart are many but love is rare  
peoples are many but like you is rare.

Hi Disha  
when you wait for some one for a few minutes  
It is need.  
for a few hours. it is trust  
for a week. It is friendship  
but wait for some one

when you know person will not come

It is love.

friends and blood have only one difference

blood enters in heart and flow out.

but friend enters in heart and stay inside forever.

Every second god remember you

every minute god bless you

every hour god cares you

because every day I pray to

take care of you my sweet heart

good night.

life is not about finding the right person

but creating the right relationship

It is not how much we care in start

but how much we care till end.

No matters the sky is black or blue

no matter there are stars or moon

as long as your heart is true

sweet dreams will always be with you

good night.

love means to see someone

with closed eyes

to miss some one in crowd

to find some one in every thought

to live for some one

to love some one

but sure that some one is only one.

I was just like a colourless painting

with no colour and no life

but when you came  
you have filled me with many colours  
you paint my life with all the beautiful colours  
Now I am not person I was  
It is new life and new me I do not exist now  
because every colour within me is yours

It is night time  
and the whole world is asleep  
but caring heart are awake  
thinking about special one  
life you. good night.

It feels nice when some one misses you  
It feels good when some one loves you  
It feels better when some one is with you  
but it feels the best when some one.  
Never forget you.

Silent love does not hear words  
It has its own languages  
which can only be heard  
by the person we love.

when heart touches the feeling of loves  
sun smiles, flower blossom  
birds chatter, tree dance  
spring sing songs  
and the whole nature welcomes you  
to the family of loves.

If you put some one to cry  
just remember that there tears  
become a river and your heart

drawn in to it always with all love and peaces.

Kill the tension before tension kill you  
reach your goal before goal kicks you  
live life before the life leaves you.

Some times words are heard.  
to find to form  
that perfect time to let you know  
you are always on my mind.

let these words not only  
touch your eyes.  
let them travel through your soul  
and let them rest in your heart  
as you rest in mine.

You may be out of my sight  
but not out of my heart  
you may be out of my mind  
I may mean nothing to you  
but you will always be special to me.

The most incredible and amazing thing  
In the world can not be seen or heard.  
It can only be felt by.  
Inner core of the heart.

When you love someone, It is nothing when someone loves  
you, It is something when you love some one and they love  
you it is everything.

A thousand words would be too few  
to say how I feel about you  
so if i say three word be sure  
I love you means a whole lot more  
love is what I see in you smile everyday.  
love is what I really feel in. everytouch you give,  
love is what I hear in, every word you say  
love is what we share, each and every day we live.

you walked lightly in to my life  
captivating and lovely to my mind  
at first I never cared who you were  
Now I don't know who I am without you.

Hi Hari

Always remember to forget

The things that made you sad  
but never forget to remember  
the things that made you glad.  
Always remember to forget  
those that have stuck by you  
Always remember to forget  
the troubles that have passed away  
but never forget to remember  
the blessings that come each day.

winds whisper in my ear  
here is lover for your life  
which you were reaching for  
Don't let it go anywhere  
go and hold this love tightly  
and keep it in to your heart for always.

If flowers could express my heart

I send you yellow flowers to always with me  
Pink tulips to bring happiness in my life.  
Red flower for always living in my life  
This bunch shows you are everything to me.

Keep your worries out of sight  
close your eyes and go to sleep  
for all the good times are your to keep  
sweetest dreams and good night.

Times will always fly  
but our love never dies  
if I were a tear your eyes  
I would roll down onto your lips  
but if you were a tear in my eye  
I would never cry  
As I would be afraid to lose you.

Friendship is a promise spoken by the heart  
It is not given by pledge  
nor written on paper  
but the promise is re renewed every time.

I have no pearl to gift you  
I have no diamond to give you  
I have no flowers to send you  
but I have three beautiful words to say you  
I love you.

Friendship is not diminished  
by distance or time  
by Imprisonment or war  
by suffering or silence  
It is in these things that

It root most deeply.

Love is a journey

with the showers of happiness

It adds beauty to life

and gives fragrance to the world.

Keep the lamp of relationship burning

with oil of love

because sun rise in east

and sets in west

but relationship rise in heart

and never set.

Life is book of mysteries

You never know which page will bring

A good twist in the story

so keep on reading

because happiness comes

when it is unexpected.

Any relationship is not about holding hands

while you understand each other will.

It is about having lot of misunderstandings

and still not leaving each other hand.

A face can speak thousand emotions

but can easily mask what the heart truly feels.

Don't be fooled for the happiest face.

It may be masking the most hurt heart

These are hundred of languages in the world

but a smile speaks them all

And the best smile is the one

which shines through troubles.

Shower of love, luck, blessing and happiness  
exclusively for you  
welcome to monsoon.

Everyday is special if you think so  
every moment is memorable if you feel so  
everyone is unique if you see so  
life is beautiful if you live so.

let us walk with me  
to Know my feelings  
Let us sing with me  
to know my melodies

let us think with me  
to know my relation  
let us dream with me  
to know my passion

let us smile with me  
to know the beauty of love  
let us feel with me  
to know the depth of my heart

It remove illusion from eyes  
love teaches to speak true  
it is the feeling fair and fine  
time passes but love shine

I, It is not me at all

but it is you with me

I. it does not represent my world

but it is you in my world.

beautiful life is just an imagination

but life is more beautiful than our imagination

difficulties in your life

does not come to destroy you

but to help you realize your hidden potential

let difficulties know

that you are more difficult.
